RESPONSE TO RESTRICTION REQUIREMENT AND NOTICE OF NON-RESPONSIVE ELECTION Address to: Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450	Attorney Docket Confirmation No.	10021295-1 5564
	First Named Inventor	Webb
	Application Number	10/633,611
	Filing Date	07/31/2003
	Group Art Unit	1631
	Examiner Name	Agrawal, Ritesh
	Title	Chemical Array with Test-Dependent Signal Reading or Processing

Sir:

This is in response to the Office Communication dated 04/24/2007 for which a one-month period for response was given making this response due on or before May 24, 2007, and to the Restriction Requirement dated 1/18/2007.

THE OFFICE COMMUNICATION

In the Office Communication dated 04/24/2007, the Examiner indicated that Applicants' response filed 2/6/07 is not responsive to the Restriction Requirement mailed on 1/18/07, since the Restriction Requirement required an election of a member from species A, as well as an election of a member from species B, not an election of species A or B. Accordingly, the Examiner set a one-month time period in which to file a fully responsive election.

THE RESTRICTION REQUIREMENT

In the Official Action dated January 18, 2007, the Examiner required an election of one species from each group of Species A and B as follows:

- "Species A" – elect one test request among those recited, for example, in claim 57; and
- "Species B" – elect one condition among those recited, for example in claim 58.

The Examiner indicated that claims 1, 5-7, 10-13, 41-56 and 59-60 are generic.

RESPONSE

In response to the restriction requirement, Applicants elect “tests for expression levels or one or more genes or a class of genes”, claims 1, 5-7, 10-13, 41-57 and 59-60; and “a disease”, claims 1, 5-7, 10-13, 41-56 and 58-60, with traverse. Applicants respectfully submit that claims 57 and 58 are drafted in Markush format, and therefore if the Examiner finds only one member of the Markush group in a claim, that claim can be rejected upon the finding of that one member. Accordingly, Applicants respectfully submit that the restriction requirement was unnecessary.

Conclusion

Applicants respectfully submit that a proper response has been made to the Restriction Requirement., and that all of the claims in this application are in condition for allowance, which action is requested. If the Examiner finds that a telephone conference would expedite the prosecution of this application, please telephone the undersigned at the number provided.

The Commissioner is hereby authorized to charge any underpayment of fees associated with this communication, including any necessary fees for extensions of time, or credit any overpayment to Deposit Account No. 50-1078, order number 10021295-1.

Respectfully submitted,
